## MACEDONIAN COMPANY ATS GROUP EXHIBITED AT THE EUROPEAN DEFENSE TRADE SHOW IN PARIS THIS YEAR TOO.

- **ATS Group - A company with enormous export potential and, above all, a development vision.**

*Paris, France, October 19, 2022* - This year, too, Macedonian company ATS GROUP exhibited at the European Defense Trade show Milipol, which took place for the 22th time in Paris, under the patronage of the Ministry of Interior of the Republic of France.

During this year's trade show of homeland security and safety, besides presenting its world renowned ballistic products and equipment, ATS GROUP also presented the new areas of activity in which it competes with the largest manufacturers in the world. This year ATS GROUP presented top engineering expertise, machinery and tools for ammunition production, which drew the visitors' attention at this reputable trade show where the largest industry manufacturers in the world exhibit.

Around 1,000 exhibitors participate in the trade show this year, and more than 10,000 visitors and over 60 official government delegations are expected to visit. Fight against terrorism, fight against radicalism and national safety and security were the focus of the trade show this year too.

The popular European trade show Milipol allows world manufacturers to present their activities to the public in order to raise awareness about the importance of common and personal safety and protection.

ATS GROUP is seated in Skopje. It is a modern Macedonian ballistics manufacturer which produces, according to the highest standards, a wide range of products, whose quality is recognised globally and for which it has received numerous awards. It produces composite products and ballistic protection and ballistic safety products for the military and the police. A company with enormous export potential and, above all, a development vision.

The ATS GROUP team will extend a warm welcome to everyone visiting the Paris trade show at its modern stand No. 5D 045.
