ATS GROUP DREW THE VISITORS' ATTENTION AT THE LEADING EUROPEAN FAIR ON SAFETY IN PARIS – MILIPOL 2023

- **ATS GROUP in Paris presented its new product ATS UD ARAMID 230. It's a fabric used in the production of ballistic products.**

Paris, France, November 14, 2023 - Macedonian company ATS GROUP presented itself at the European Fair on Safety Milipol, which has been organized for the 23rd time under the patronage of the Ministry of Interior of the Republic of France. The exhibitors demonstrated the use of drones, robots, new technologies and armoured vehicles. In addition to exhibitors' dynamic demonstrations, safety departments and armed forces demonstrated how they handle newly developed technologies throughout the whole week.

ATS GROUP is the only Macedonian company to take part in world famous safety fairs. At Paris Milipol 2023, the company presented its world famous ballistics products and equipment, showed the new areas in which it operates and competes with the largest industry manufacturers in the world. The company has leading engineering expertise, machines and tools for ammunition production and this drew the attention of fair visitors from all countries.

At Milipol 2023, ATS GROUP presented its new product ATS UD ARAMID 230. It's a fabric used in the production of ballistic products. To be able to produce this fabric, the company has made an initial investment of 10 million euros into a new production line.

ATS GROUP is the only Macedonian company that participates in world-famous security fairs. At Milipol in Paris, the company presented its world-famous products and equipment in the field of ballistics, as well as the new areas in which it operates and competes with the world's largest manufacturers in the industry. ATS GROUP, seated in Skopje, is a modern Macedonian corporation consisting of three companies, two of which are in Skopje and one in Samokov, with more than 500 staff and 40 years of experience. They work to the highest standards and produce a wide range of products, whose quality is recognized globally and for which they have received numerous awards. ATS Group produces composite products, ballistic protection, and ballistic safety products for the military and the police. In addition, the company produces small caliber ammunition and full lines of machinery for ammunition production, which helps increase its export potential year by year and thereby meet its development plan and mission.
